Which Bible is God's Word

How to recognize God's genuine Bible amidst the multitude of counterfeits?

You simply follow the blood trail!

To illustrate this, an investigator goes to a crime scene to gather clues about a murder. He opens the door at the scene, and the first thing that gets his attention is the sight and order of blood. With no prior knowledge of what had taken place there, he naturally follows the trail of blood to see where it leads. Usually,

and in most cases, the blood leads to the evidence of the crime: the body. Then, and only then, does the investigator begin his great task of looking for clues to find the murderer. Sadly, though, sometimes an investigator encounters tampered evidence (or uses faulty methods to solve the crime) and includes it in the investigative crime report.

For example, a faulty method used at our modern version “crime scene” was that the aged old papyrus or parchments used to write on were tested to locate the oldest or most ancient Bible manuscripts to date. Unfortunately, this age-testing method was not capable of testing “TEXT” superiority. The materials used to write on and the actual TEXT contents are

Do you know if God allowed His Word (or any part of it that He truly said and meant) to get lost through hundreds of years of copying and the translation process, He would not be faithful? This act of allowing His Word to get lost would be an **INTENTIONAL** act of unfaithfulness, because of who He is and His great and mighty powers: the power to keep it preserved throughout history just by simply speaking it. Think about it: we cannot be held accountable to it, if it (or any part of it) got lost. (John 12:48) We would then be able to present strong arguments in our defense in the courtroom of God's presence for what is and was not found in all Bible versions, including those that point to Satan as God. Therefore, the conclusion of the matter really is that God has wasted His time if He did not preserve all of His inspired words for us today as He promised He would. Also, to believe that He did waste His time because we do not have all of His worlds with us today is foolish!

Did you know that Satan has successfully infiltrated our modern Bible versions?

The Bible said, “Behold, the days come, saith the Lord God, that I will send a famine in the land, not a famine of bread, nor a thirst for water, but of hearing the words of the LORD.” (Amos 8:11)

These days are NOW!

A promise To You From GOD To All Ye Inhabitants Of The World And Dwellers On The Earth

If I “**commanded**” words to a thousand generations (Deuteronomy 7:9; 1 Chronicles 16:15; Psalm 105:8), **do you think those words will get lost or go missing?** Haven't I then promised to preserve My Word throughout the generations and forever? (Psalm 12:6-7). Is this too hard for Me to do? (Jeremiah 32:17, 27). **Can you prove I didn't?** If I didn't, then you have a case against Me in the courtroom of “**My**” Holy presence. (Job 23:3-7; Isaiah 45:11; Micah 6:3). This will surely “**never**” happen because **I GOD, I Am, the Word!** (Exodus 3:14; John 1:1, 8:58, 12:48; Rev. 19:13).

If My Word or any part of it can get lost or go missing, then I too can also get lost or go missing. Do you believe scholars who say “this” and “that” are lost or missing from My Word, or do you believe Me? (Ps. 56:5). Choose between the two: your scholars or Me, the Word! Haven't I spoken and it was done? Haven't I commanded and it **stood fast?** (Ps. 33:9, 148:2-5; Is. 14:24, 46:10-11). Investigate Me! Can I or any part of Me get lost or go missing?

Scrutinize the history of My Word; **all conflicting sides**, and you will find Me! (Is. 34:16). **But take heed, lest ye despise My Word and therefore despise Me!** (Num. 15:31; Is. 5:24, 30:12-13; **Mark 8:38; Heb. 3:12**).

For hundreds of years, I chose Hebrew “**ONLY**” to write, preserve, and carry My Word around the world, to all ye inhabitants of the world, and dwellers on the earth. (1 Kings 8:41-43; 2 Chr. 6:32-33, 9:23, 20:29; Ps. 46:10; **Isaiah 18:3**). Afterward, I used Greek and Latin. So then, couldn't I use any language “**ONLY**” (or languages) to do the same? Remember that **I am the Word!**

Search the scriptures: When “the word of the LORD said” (or “the word of the LORD came unto me, saying”), that was Me, the Word, speaking. When “the words of the LORD said” (or “the LORD hath spoken”), that was what I had already said. I, the Word was there in the beginning with God and was **GOD!** (Genesis 1:1;

John 1:1). So then, read **all** of Me! **Every word!** (Matt. 4:4). **Feed on Me!** (John 6:33-58).

All of your information regarding Me, the Word, came from three sources: books, teachers, and your very own, personal experiences. You then, personally and by yourself, **along with influence from others**, choose which of the information you will believe and accept as truth. Remember that, **I am the truth!** (Deut. 32:4; John 14:6).

Ask Me “**first**” to steer your thoughts, then carefully and cautiously **by yourself**, examine the sources I will send you, and you **WILL** find Me! (Deut. 30:11-14). My Word is alive (John 6:63), **intact**, and is within your reach. **Today!** Even **NOW!** **Search for Me!** (Deut. 4:29, Jer. 29:13).

Psalm 12:6-7, 33:11, 100:5, **119:89**, 160, **138:2; Ecc. 3:14**; Is. 40:8; Matt. 4:4, 24:35; Mark 13:31; Luke 21:33; Heb. 10:7, and 1 Peter 1:23, 25. So then, you can believe, Num. 23:19; Is. 14:24, 27, and Jer. 32:17, 27. Otherwise, Rom. 14:23; Heb. 10:38, and 11:6.

Did you know that Satan has successfully infiltrated our modern Bible versions?

In modern versions, “**Lucifer**” is gone at Is. 14:12 and replaced with the “Morning Star,” but Jesus Christ is "The Morning Star." (Compare KJV & NIV at Is. 14:12 and Rev. 22:16.) **This is very dangerously insulting to God, along with the flimsy explanation given for the change.** (See “the standard lexicon in the field” by corrupt scholars: Brown, Drivers, and Briggs.) In fact, the Hebrew word for "star" is nowhere in the original Hebrew text at Is. 14:12. “**Fasting**” is missing at Matt. 17:21 in the NIV and many others. (Fasting is a very powerful prayer partner, along with “**fervent**” in James 5:16, which is also gone.) **Fornication, whoremonger, and sodomites** were replaced. When referring to God, **He, Him, and His** were replaced with "the One." (Find out very disturbing details below.) “**Servant**” was replaced with “slave.” Man is now created a **little lower than God**. **Jesus is now caught lying** in modern versions. The mark of the beast is now **ON** and not **IN** the forehead, or

obviously different. Thus, the only way to test true Christian “TEXT” superiority is to follow the blood trail. (For an illustration of this, read “Are the Earliest Manuscripts Better Than the Later Ones according to Bible Scholars?” in the free book download from the link below.)

When investigating surrounding areas in history for clues to find a genuine Bible, we would discover that they all lead to a holy and precious book dripping with blood. This book (the actual TEXT contents) that was soaked in blood was preserved for hundreds of years, along with the tears and screams of pain from the murderer’s “prison torture houses of hell” (a torture chamber or building with all the tools, and designed to inflict intense pain and suffering). The blood trails are the

the right hand, and the list goes on...

Did you know Satan’s biggest cover-up using modern versions was, and still is, targeting the fundamental doctrines of God’s Word (the deity of Christ, hell, salvation, spiritual growth, etc.) by corrupting them (all verses that point the lost to the narrow way that leads to finding God and eternal life)? He then appears to “enhance” or “improve upon” verses and passages that are inspiring, uplifting, comforting, encouraging, stimulating, arousing, etc. He decorates language in modern versions with just the “right” words that “*appear righteous unto men, but within...are full of hypocrisy and iniquity.*” (Matt. 23:25-28) It would read like the Bible, but its contents are very deceptive. How else do you think he will deceive “**THE WHOLE WORLD?**” (Rev. 12:9) **BY DECEPTION!**

Did you know that the KJV was called, “**The Holy Bible**” from 1611 to the late 1800s; then jealous Bible scholars changed the title from “**The Holy Bible**” to the “**King James Version?**”

Did you know that as of 2018, more than 99%, or 5,702 Greek Bible manuscripts discovered that are available in museums around the world, **agree with the KJV reading**, and ONLY less than 1%, or 44 of them, agree with the modern versions reading?

Did you know that there are ONLY two sources from which all our Bible versions are derived from? Did you know that the King James Version (KJV) came from one of the sources and ALL of the modern versions are coming from the other source? Did you also know that ALL modern versions deny the preservation of God’s Word? Do not be deceived; the New King James Version (NKJV) is **NOT** God’s Word. It too, was infiltrated.

Profiled below are some of the leading scholars whose Bible tools (Bible lexicons, dictionaries, interlinear, Bible word synonyms, Bible software, etc.) are extensively used to create today’s modern Bible versions.

Do you know these men?

His name is Joseph Thayer (1828-1901). He authored “Thayer’s Greek-English Lexicon.” **He is the one who changed the word “Godhead” to “divine nature,” “the divine**

millions of Christian martyrs who participated in preserving God’s word for centuries.

However, while this precious blood mess was being cleaned up (when owning a Bible became legal), Satan tampered with our Bible evidence, creating many “look-alikes” and counterfeit copies and placing them in the surrounding areas of our crime scene. He then used the faulty testing method mentioned above and claimed that his Bibles were/are **the best, oldest, or most ancient** copies. **(We frequently find his claims as we read many Bible version footnotes today.)** This is very similar to Jesus’ parable of the wheat and tares in Matthew 13:24-30. As a result, we Christians must carefully examine the clues to sift out the wheat from among the tares.

being,” and “deity” at Rom. 1:20, Acts 17:29 and Col. 2:9. See the NIV and many others. Most lexicons today, if they are not copying directly from Thayer’s Greek-English lexicon, are certain to have copied extensively from other sources using Thayer’s work. When you read today’s lexicons, dictionaries, modern Bible versions, Bible interlinear, Bible software, etc., they are **all** most certainly using Thayer’s definition materials.

His name is Christian D. Ginsburg (1831-1914). He authored *The Holy Scriptures in the Original Languages*. His Hebrew lexicon is used among “Christian” scholars today as an authoritative Massoretic Hebrew Old Testament text. This Old Testament text is definitely not the Massoretic text the KJV translators used, but a text written solely by a **Satanist** in the person of Mr Ginsburg. Many of our modern Bible word selections, choices, definitions, Bible notes, and commentaries came from Ginsburg’s work.

These three scholars, Charles A. Briggs (1831-1891), Samuel R. Driver (1846-1914), and Francis Brown (1849-1916), were the conspirators who changed “Lucifer” in Isaiah 14:12 to “the morning star.” Modern versions then followed suit. (See the NIV and many others.)

Brown, Driver, and Briggs (BDB) produced the *A Hebrew and English Lexicon of the Old Testament* (also called *The Brown-Driver-Briggs Hebrew and English Lexicon*). This lexicon was and continues to be used extensively to produce today’s modern version Old Testament text. This lexicon can be found on just about every pastor’s office bookshelf.

Their names are Brooke Foss Westcott (1825-1901) and John Anthony Hort (1828-1892). They were the “**masterminds**” behind changing our holy Bible and causing the serious Bible textual confusion seen today. All modern versions are coming from their 1881 Greek text, along with their concocted theories, which have been

So then, as we follow these historical clues, we will discover that **there are only two text families or sources from which all of our Bible versions are derived from**. They are the Byzantine text family (source) from which our King James Version (KJV) comes from, and the Alexandrian text family (source) from which all our modern versions come from. We will also uncover a serious “**TRAIL OF BLOOD**” following the King James Version text (or the underground Christian Bible) and its sources, but there are **NO** sacrificial clues or evidence, **NO** token or blood trail (to prove its “purity”) following the modern versions or their sources. **(Like all criminals, Satan evidently had mistakenly forgotten to counterfeit this clue.** (Deuteronomy 22:15-17)

Also, as we continue our search for more clues...

clearly refuted and proven false.

His name is Frederick Scrivener (1813-1891). Scrivener joined the Revised Version (RV) Committee in 1872 along with very liberal scholars who all came together with one goal in mind: “**exterminate!**” the 1611 KJB and replace it with a new Greek and English text: The Westcott and Hort Greek Text, and the English Revised Version Text. He was responsible for **all the marginal notes (footnotes)**, being most of what we now see in our Bible versions today. **Read the FREE book to get a full profile on each of the men above and their very disturbing beliefs.**

Forensic Evidence That Proved The Codex SINAITICUS & VATICANUS Manuscript Claim, A Fraud!

Practically **ALL** modern English Bible versions are taken from these two **supposedly** “4th-century” manuscripts, which have been proven today by **forensic methods** to be written in 1840 (Sinaiticus), and just before 1475 (Vaticanus), which were later “**doctored**” to look ancient. Today, this evidence has sparked a serious blow to modern version advocates whose debates, intellectual properties, scholarship academics, and reputations, including all textbooks written on the subject in the past, along with many Bible version footnotes, have all fallen apart. All of this resulted from the large following and millions of dollars worth of book sale profits over the years. The embarrassments to modern scholarship are intense, and their academically prestigious pride and work are at stake. This revelation exposed the sinister plot behind the scenes that took place among many past 1800 Bible scholars...

THE FORENSIC FILES: The Codex Sinaiticus (The Evidence: 1-10 entries)

1| Natural **ageing starts** from the outer sheets to the inner section, seeing the breakdown levels of it on virtually all pages. However, the coloration (those that

Camera photography was not invented until the 1800s; therefore, picture illustrations had to be drawn by gifted artists...

were taken to Russia) of all Sinaiticus pages are uniform (no breakdown levels) on its pages; the pages are all uniform in their coloration. Again, this is with the exception to those Tischendorf originally, and evidently stole from the monastery.

2| Worm holes are common on manuscripts because they are attractive food for them and other insects. This was because the leaves were animal skin, a type of flesh. The serious problem with Sinaiticus is that instead of the worm holes piercing the ink spots on the page, the scribe who produced the text wrote **around** the worm holes. Another serious problem is that it is customary for worm holes to go through pages of the parchment used, but these holes are not seen on the before and after pages of leaves that have the worm holes. This is a big problem for the authenticity of the Codex Sinaiticus because the worm or insect that created the hole did not do it when the 823-page book was closed. The pages had to ALL been loose, or individually separated from the book when the insects began feasting on them. With Sinaiticus, the scribe avoided the worm holes...

The Codex Vaticanus (The Evidence: 1-8 entries)

1| The Vaticanus contained “**drop caps**” throughout the text, which was a format (a writing style or method) **never** used by 4th-century scribes. (Example: **T**he common motive of...) It was birth, and commonly used during the medieval period, and was medieval decorative letter artwork... period ranges from the 11th to the 16th century.

2| Uncial letter writing (all upper-case letters) is the writing style used during the 4th-century era. **Minuscule letter writing** (cursive or lower-case letters) was created and widely used during the medieval period. For this reason, when examining 4th-century manuscripts, or earlier documents, uncial style letter writing was used **ONLY!** Medieval manuscripts used minuscule letter-style writing because it was a newly invented style of writing that had become common, or the format used. The Vaticanus consist of **both styles**, and after careful examination, it is believed to have been written by several different scribes during the medieval period... **[Continue in the FREE download, 314-page book]**
